

SHANESIA SAHA

Communications, Marketing & Project Coordination

London, United Kingdom | shanesiasaha@yahoo.ca | LinkedIn: in/shanesiasaha

PROFILE

Communications and Project Coordination professional with experience delivering digital communications, marketing campaigns, and stakeholder engagement across public sector, higher education and non-profit organisations. Proven record of growing audience engagement through data-driven content strategy. Skilled at translating complex information into clear, audience-focused messaging, coordinating cross-institutional projects, and managing competing priorities in fast-paced environments. Seeking to bring strong organisational, analytical and relationship-building skills to a communications, marketing or project coordination role.

KEY SKILLS

Communications/Marketing: Social Media Strategy, Content Creation, Copywriting, Newsletters/Email Marketing (Mailer Lite, Mailchimp, Substack), Brand Messaging, Campaign Analytics and KPI Reporting

Project Coordination: Cross- Institutional Partnerships, Project Coordination, Stakeholder Engagement and Timeline/Workflow Management

Digital Tools: Microsoft 365 (SharePoint, PowerPoint, Excel, Outlook, Teams), Adobe Creative Suite (Photoshop, Illustrator, After Effects), Canva, WordPress, Wix, Moodle (LMS)

AI Toolkit: Midjourney, Stable Diffusion, ChatGPT, Claude, Google Gemini, Google Nano Banana, Microsoft Copilot

Social Media Channels: LinkedIn, Instagram, Facebook, X (Twitter), TikTok

Core Strengths: Critical Thinking, Adaptability, Attention to Detail and Collaborative Partnerships

PROFESSIONAL EXPERIENCE

Mass Culture Canada | Toronto, OntarioDec 2024 · Apr 2025

Project Coordinator (Contract)

Developed and executed multi-platform content strategy across LinkedIn, Facebook, X and Instagram plus a monthly newsletter, aligning tone, visuals and messaging with brand objectives for external audiences.

Increased social media reach and engagement through data-driven campaign planning, audience segmentation, performance analytics and optimisation strategies including trend-based content and community partner collaborations.

Coordinated a cross-institutional partnership with Brenau University (USA), mentoring senior thesis students and translating their brand research into a practical communications strategy adopted by leadership.

Defined KPIs and implemented analytics frameworks to evaluate campaign performance, informing content decisions and demonstrating measurable progress toward audience engagement goals.

Elevated brand visibility across the global arts and culture sector; led the launch of the Data Narrative for the Arts (DNA) platform at Mass Culture's Creative Champions Network Spring Social.

Managed schedules, approvals and documentation across concurrent projects, strengthening organisational skills and structured process management in a fast-paced environment.

Toronto Metropolitan University · Bridging Divides | Toronto, OntarioAug 2023 · Apr 2024

Communications & Digital Content Creator (Internship)

Acted as key liaison between researchers, the Communications/IT team and the Bridging Divides community, gathering research content and translating stakeholder feedback into platform requirements.

Collaborated on the design, development and launch of a centralised Learning Management System (LMS) website, bringing together academic research projects and digital seminars for professor-led academic groups in one accessible platform.

Conducted content audits and usability testing to improve navigation, messaging clarity and digital accessibility for researchers, students and community partners.

Provided administrative and project coordination support, managing timelines, tracking two-way feedback loops and ensuring quality control of content uploads and platform updates.

Supported platform launch and promotional strategy via email marketing, helping drive traffic and adoption within the Bridging Divides research community.

Held regular check-ins with leadership to align platform functionality with research and technical requirements, measuring success through content completeness, delivery timelines and user feedback.

Government of Canada · Parks Canada | Toronto, OntarioJun 2022 · Dec 2022

Digital Communications Assistant (Contract)

Led digital content coordination for Parks Canada during the agency-wide Microsoft 365 transition, ensuring consistency, clarity and compliance with internal communications standards.

Developed training and onboarding materials with cross-functional teams, contributing to increased employee adoption and digital fluency during the Microsoft 365 system rollout (Infographics, Tutorial videos and Slide Decks).

Partnered with cross-departmental teams to streamline workflows and support a smooth, organisation-wide rollout of new digital tools and platforms.

Designed and maintained SharePoint knowledge hubs, centralising resources and improving information accessibility for communications teams.

Conducted content audits and platform-usage research to identify communication gaps, informing data-driven migration strategy across Microsoft Teams and SharePoint.

Analysed internal data and user behaviour to optimise digital resource organisation, improving discoverability agency-wide.

EDUCATION

Toronto Metropolitan University · The Creative School Aug 2021 · May 2025

BA, Digital Communications and Business | Toronto, Ontario | CGPA: 4.0/4.2

(Graduated with Distinction, Dean's List 2022-2025)

ACHIEVEMENTS & AWARDS

FIFA World Cup Digital Marketing HackathonMar 2025

Toronto Metropolitan University, FIFA World Cup 2026 Challenge

Placed runner-up in a global hackathon alongside students from the UK, Chile, Saudi Arabia and the Netherlands, strengthening creativity, collaboration and international marketing skills.

Summer UK Intensive ProgrammeJun 2023

The Creative School, TMU · University of Westminster, London

Selected as 1 of 20 Creative School students to complete FCD 580 at the University of Westminster, London, UK, as part of an international academic exchange. Explored art, AI, and emerging creative technologies, gaining hands-on experience with AI-generated content (AIGC) tools such as Midjourney and Stable Diffusion.
